

# Dhacydooyinka: Updates and Events

In March, Shuraako hosted a meeting in Minneapolis, Minnesota with members of the Somali diaspora community to discuss how we can work

together to connect investors with business opportunities in Somaliland, Puntland, and South Central Somalia.

## On the Web

### No Place Like Home

A collection of videos about Somalia's returning diaspora. In nearly every interview that we conducted, the dignity of being

Somali profoundly motivated those investing and working in the region.

## Somali Industry Analyses

### Fishing in Somaliland

Somaliland Fish Stocks (in metric tons)

■ Sustainable limit that is unexploited

□ Current annual catch by Somalilanders

The Somaliland fishing industry presents immense opportunities for motivated investors. Fishermen are currently capturing only 1% of the estimated sustainable catch in their waters, yet demand for fish is rising. Clearly there are financial incentives to bolster the efforts to increase the annual catch.

### Beekeeping: Somalia's Apiculture Sector

There's little documented evidence on beekeeping in Somalia, but institutional memory points to the fact that the industry was making reasonable strides, and prospective for growth was high in the early 1980s. Somali apiculture industry is still its infancy, yet potential rewards are apparent.
